

1.1.1 The Institution ensures effective curriculum delivery through a well-planned and documented process

JB Institute of Technology is an affiliated institute of VMSB Uttarakhand Technical University, and as such follows a pre-determined syllabus set by the University. The institute innovates within these established academic structures, committed to providing holistic development for its students.

Academic processes are streamlined, with timetables, workloads and other supporting administrative tasks prepped well in advance of teaching session. Departmental reports are collated at the end of each academic session, documenting the academic and extracurricular work undertaken by the department in that year, thereby compiling its response in a systematic manner. For continuous growth, our teachers regularly update their knowledge through active involvement in Research and Faculty Development Programmes. They are also members of various bodies of the University contributing to curriculum reviews, assessment and evaluation.

The intellectual teaching body of JBIT employs ICT to enhance their pedagogy. The college employs technologically enabled infrastructure for everyone, with special infrastructural assistance for our students with disabilities, which makes it possible for all our students to engage in an appropriate teaching learning process. Experiential learning for the students through internships, projects, and field trips is specifically facilitated. JBIT library provides access to a vast repertoire of international and national journals, reports, books etc as well as e-resources to strengthen the teaching learning processes. Besides its academic credentials, JBIT is one of the few colleges that offer dedicated certificate add-on courses. These courses impart life skills and are transacted by practitioners, thus providing opportunity to students for

hands on experience and building bridges with the world of work. Complementing the pursuit of effective curriculum transaction is the strong tutorial and mentor-ward system. Smaller groups of students are created, so that academic and other discussions are individualized. JBIT prioritizes the amalgamation of academic and mental health of our students through the mentor ward system where each student is assigned a faculty mentor for academic and extra-academic guidance. Through focused interactions and guidance offered by the teachers, students are able to have their academic and other issues suitably addressed. At JBIT, education is a dialogic process, and it is the robust feedback system that gives it this accountability. Feedback forms for students, teachers, alumni and employers are displayed on the college website for the requisite stakeholders to confidentially give the college their evaluations and suggestions. The institution strives to incorporate these into all aspects of its functioning. JBIT champions an empathetic approach, endeavoring to raise the consciousness of our students about how gender-based inequalities, neglect of environmental concerns and lack of ethics hamper an individual's growth. This allows them to participate in society as mindful individuals. Institute

JBIT

JB Institute of Technology

Approved by AICTE

Affiliated to VMSB Uttarakhand Technical University, Dehradun

takes review of quality teaching, analysis of students better performance and improvements in subject.

An educational unit of JAI BHAGWAN EDUCATIONAL SOCIETY
